

STA 5703 – Activity #0

1. Form a working team with 3 to 4 students to work together on all activities throughout the semester.
2. Elect a team captain who is responsible (1) to upload “Group Activity” results into Webcourses and (2) to put all participated team members’ name in the upload report.
3. Discuss the software packages that will be used in “Group” activities throughout this semester. (Note: Software can be SAS/EM, R, or Python)
4. Send an email to Chung-Ching.Wang@ucf.edu including all your team members and team captain in this email. (A sample table below)

Role	Name	Software
Captain	Avery Tran Nguyen	R
Member	Manoj Gunturu	R
Member	Anabella Segura	R
Member	Yasmeen Sawyers	R
